

Using the FRAME email list

To send mail to all the FRAME members, address it to: **frame@flinders.edu.au**

Considerable confusion and delay have occurred in recent months through inadvertent incorrect use of the FRAME list. Observation of these guidelines will ensure messages get through.

1. Only current members of the list can post to it,
2. It only accepts the message if you are using the email address registered with the FRAME list.
3. Mail from any other email address will bounce, (e.g. if you change your university address, or use your home "@internode" address etc)
4. Members can post an email for an outside organisation at their own discretion; outside organisations will be directed to the current chair.
5. If you want to reply to the sender only, use their own email address not the list address.
6. Do not overload the list with mail of little relevance!

Messages to FRAME from non-members or unrecognised addresses will receive a bounce message and a direction to contact the list administrator (David Badger).

If you need to change the email address currently registered with the FRAME list, or you wish to be removed from the FRAME list please send an email to **david.badger@flinders.edu.au**
